Sir,

Village Establishment - Menials - Reduction - Proposed.

The village Headmen of the under-mentioned villages have at present two talayaris each.

} Mangalore Taluk.

The villages of Attavar and Codialbail being within the Municipality of Mangalore, there is very --- little work for the talayaris of these villages except during the kist season. The villages of Thumbe and --- Kallige escaped notice while proposing the reduction in the first instance and one of the two talayaris of heavier groups has already been dispensed with. I accordingly recommend to the Board the reduction in the number of talayaris of the above three potails' charges by one each with effect from 1-6-23. As the collection work is very heavy in the town of Mangalore, I request sanction to entertain during the kist season an additional talayari in each of the two villages of Codialbail and Attavar.

RESOLUTION. (Mis) No. 56, dated 9.1.1923

The collector's proposal to abolish a talayari in the group consisting of Thumbe and Kallige villages is approved.

2 The Board does not however accept the collector's recommendation that a permanent talayari in each of the villages of Attavar and Codiabail should be replaced by a temporary talayari during the kist season and considers that

no more reduction need
e made in these municipal
reas.

Village establishment (S. Kanara) — Talayaris — Reduction

p1 cf B 4966/22

The coll^rs proposals involve a reduction of 3 permanent talayaris and the appointment of 2 temporary talayaris during the Kist season. While submitting reduction proposals, Mr Ellis, the then coll^r of Malabar repo

seems, however, no objection to accept the present coll^rs proposal to abolish a talayari in the villages of Thumbe and Kallige (one group). In the other two villages the coll^r (Mr. Rajagopalan) proposes the substitution of temporary talayaris instead of permanent ones.

suggesting permanent Nirgantis in places where they are really necessary An additional talayari in each of the two Villages of Coddiel hail and Attanar is reported to be necessary for collection work: Process servers may as well take the place of these temporary talayaris. If process servers are appointed the cost of the estt will be borne by the defaulting ryots. for orders whether the Coll^r's proposal to abolish a talayari in each of these two Villages also may be approved and he be asked to employ process servers as any necessity for them is really found to exist-

collection is very difficult in the Municipal villages, on account of the large no. of small pattas.

I do not care for the idea of temporary talayaris on the whole, the former arrangement may stand & no more changes made
